University of Connecticut Extension

<http://cahnr.uconn.edu/research/>

rsrch/hemp.php

shuresh.ghimire@uconn.edu

860.870.6933

The UConn Hemp Extension and Outreach Program is intended to assist commercial hemp producers by providing information on production techniques and pest management. The program emphasizes healthy soils, balanced plant nutrition, pest identification, and preventative management strategies. The program offers training and field visits for hemp growers.

USDA Natural Resources Conservation Service

www.nrcs.usda.gov/wps/portal/nrcs/site/ct/home

james.hyde@usda.gov

860.871.4011

NRCS's natural resources conservation programs help people reduce soil erosion, enhance water supplies, improve water quality, increase wildlife habitat, and reduce damages caused by floods and other natural disasters. NRCS provides funding opportunities for agricultural producers and other landowners through these programs. For further assistance you can contact your local NRCS field office in Danielson, Hamden, Norwich, Torrington, Windsor or the Tolland State Office.

Sweet Heal

www.sweetheal.com

customerservice@sweetheal.com

Sweet Heal is a farming-based Hemp and CBD producer. We grow, as well as have partnerships with local farmers that produce industrial Hemp to high standards. We select only premium genetics for our CBD Hemp plants. We then process these plants to make our CBD oil. We also sell our oil in bulk form to other manufacturers. Our parent company, D&G, has been operating an Agricultural and Technology Company for the past 4 years. D&G Agtek is a founding member of the North East Sustainable Hemp Association.

Wepa Farms

www.wepafarms.com

Sales@wepafarms.com
